Recently, developers have introduced 9 Ball Game mode with the ability to enable/disable guidelines, as well as the ability to call pockets on all shots to make the game more challenging. In addition, some games/cities, such as Rome, Cairo and Shanghai, are introduced with new rules. The game even allows you to challenge your friends on Ball 9 and there are no guideline games to test and compare your skills with you. Designed by Miniclip, Ball Pool 8 is one of the most popular and widely played online pool game on Android, pc and the web. It supports 1-on-1 games as well as tournaments with up to 8 players so you can play with friends, no matter the device and location. You can even play a fast billiard game with thousands of other players for free, but multiplayer tournaments will help you with a billiard crown. Winning the game will increase your level as well as earn pool coins so you can play higher level games in places. The game is simple. You choose the table you want to play in the game while keeping your Pool Coins at risk. Winning games will earn you all these coins. The more games you win, the higher your rankings and coins will be. You can then use these coins to purchase new items from pool shop or enter higher ranked games with higher bets where you play against some of the best and most experienced players. With the ability to enter the game using a Miniclip and Facebook account, you will be able to challenge your friends and show off your gaming skills.
